SILENT AUCTION

Silent Auction Rules

1. The Silent Auction opens at 6:00 p.m. and staggered room closings begin promptly at 7:45 p.m., as posted in the Program section of the catalog.
2. A minimum bid will be specified on the first line of each bid sheet. Increased dollar amounts are listed for each subsequent bid, based on the value of the item. Dollar amounts increase up to approximately double the stated value of the item.
3. To bid on an item, write your bidder number next to the dollar amount that you wish to bid. All bids must be in whole dollar amounts. You may bid a higher dollar amount by selecting a dollar value farther down the list, and drawing a line down to that amount, where you then write your bidder number. (That will make it easy for other bidders to see where the current bid is and prevents a dispute later.)
4. When the Silent Auction closes, a member of the Auction Committee will circle the last amount bid on each bid sheet. No bids written beyond that point will be counted.
5. As you leave the Auction, get your personal invoice, showing the items (if any) where you were the highest bidder, at Checkout and pay for your purchases. You may pay with cash, a check made payable to Chance School, Visa or MasterCard. If your purchases total \$500 or more, you may pay in four equal payments: one the night of the Auction, and the other three on the 15th days of March, April and May. With your invoice, proceed to the Live and Silent Auction areas to pick up your purchases. Please take all purchases with you on Auction night. Arrangements may be made at Checkout for delivery of oversize items. Some items may require delivery charges, please see bid sheets for details.
6. All sales are final. Please read the specifications and limitations on each item before making a bid.
7. Unless otherwise specified, all Auction items must be used within one year of the date of the Auction. Dates and times must be arranged at the mutual convenience of the donor and buyer.
8. Unless otherwise specified, all restaurant certificates exclude tax, gratuity and alcohol.
9. Values set forth for items being auctioned are estimates of fair market value and are not warranted by Chance School for tax purposes. Donors and buyers should consult their tax advisers as to the deductibility of any donation or purchase.

Better Brains Build Bigger Ideas...

...and Chance School builds better brains. Brains that light up with imagination and curiosity. Minds that find the freedom to pursue ideas and inspiration wherever they lead. Spirits that learn to work in harmony as part of a community. Instilling our kids with a passion for learning...now *that's* a big idea.

We're passionate about education

Give people good information, show them how to use it, and affect positive outcomes – that's the essence of education.

And that's exactly what we do at SHPS and Carewise Health.

As a provider of health improvement and health benefits solutions, we help companies and individuals get the best value for their healthcare investment. We provide access to expert advice and administer health benefits programs that result in lower healthcare costs, increased productivity, and happier, healthier employees.

So we share Chance School's commitment to education.

And why we're a proud supporter of the Chance School Auction.

We encourage you to bid aggressively at this year's auction, so that Chance School can continue its commitment to fostering creativity and self-expression among children.
